CARE OF THE EYES.
Health as Well as Beauty Demands That Eyes Get Attention.

The woman who takes care of herself should give as much attention to her eyes as she does to her skin or to her hair. In the first place after driving or being in the dust of the city or country she should wash or bathe her eyes with tepid water. This removes the irritating dust or small particles. After reading or before going to bed she should bathe the eyes with salt water or tepid water to which is added a pinch of salt, and using an eye cup, will be surprised at the difference in the sparkle of the eyes. If inflamed they should be bathed several times a day. The dull, sunken eyes, the hollow circles and the sallow complexion of many women is due, however, to the complaints and diseases peculiar to women. The best thing I know for this is Dr. Pierce's Favorite Prescription, because it is a temperance tonic, being made of roots and herbs with pure glycerine. It establishes regularity, heals inflammation and banishes pain. Dr. Pierce publishes the ingredients on the wrapper so it is not a secret and I have seen many women cured by it and not only that, but the dull sunken eyes, the sunken cheeks and bust, have taken on a sparkle and healthful appearance. Thousands of women have testified to having been cured of womanly diseases by this Prescription. It speedsily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It banishes pale, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Keep the bowels healthy by using Dr. Pierce's Pellets. They don't gripe.

Chaplin Convinced Audience.
Charles Chaplin in "The Champion," was certainly shown to a large and appreciative audience last night. Chaplin is said to be the highest salaried man in movies. The vaudeville act of the 2 Danovas was a novelty and was clean and high class.

Man Loses Eye in Strange Way.
While traveling from Muskogee to Tulsa on a train, Victor Goss of Tulsa, met with a peculiar accident which will cost him the sight of an eye. A stray bullet, possibly fired by a hunter, broke the window next to which Goss was seated and pieces of the broken glass entered his eye, causing serious injury and intense pain. Goss is a stenographer.

Straightened Him Out.
J. P. Jones, Boothe, Ark., writes: "I had a severe case of kidney trouble and could not work at all. Foley Kidney Pills straightened me out at once." The same story is told by thousands of others; weak back, rheumatism, kidney and bladder troubles yield quickly. Safe and effective. Sold everywhere.

McKenzie's Successful Term.
J. H. McKenzie, principal of the Cushing colored schools, writes: "The colored school in Cushing which opened September 7th, 1914, will close May 21st, 1915, making a full term of nine months. I am preparing for a grand exhibition at the close which will be given in the interest and to aid the colored Baptist and Methodist churches. The school is increasing weekly. During vacation I shall spend a few days at my home, 1215 East Oklahoma avenue, after which,

if nothing happens, myself and family will visit my old home in Memphis, Tenn., thence to the summer school in Chicago, Ill., where I expect to attend ten weeks school and also visit a sister there."

The capitals, small letters and figures taught by W. A. L. Hoff are just as advertised, the briefest known, hence the easiest to learn and the fastest to use in both school and business. Try them.

Don'ts for the Well Dressed.

Don't expect your hair to shine unless you brush it well every night and morning.
Don't buy cheap boots or gloves.
Don't wear your walking dress in the house.
Don't use cheap poor ribbon in millinery.
Don't on any occasion put a dress away without brushing it.
Don't forget to iron the wrinkles out of sleeves occasionally.
Don't let boots and shoes wear through before they are soled.

Four Teaspoonfuls of

Grape-Nuts

as the cereal part of the meal, helps keep one in fine fettle.

There's a Reason—in fact, a number of reasons.

Grape-Nuts is a concentrated food, hence a small portion goes a long way.

It is made of wheat and barley, and contains all the nutriment of these grains, including those invaluable mineral salts so often lacking in ordinary food, but which are indispensable for normal growth and maintenance of body and brain. One great aim in originating Grape-Nuts was to supply this lack of mineral elements, and it fulfills its purpose admirably.

Grape-Nuts is a delicious food, and digests quickly, even within about one hour. Compare this with the 2 1/2 to 3 hours required by bread.

Ready to eat direct from the FRESH SEALED package, crisp, nonrising, economical—
